Continuing search of Mission 9022 photography for SSM activity has resulted in the identification of two additional MRBM launch sites in the USSR. The sites, located near Kurgancha, which is 45 nautical miles (nm) west of Samarkand, are of the Inline type. Each site has four launch pads, four missile-ready buildings, and typical support and housing facilities. At least one newly identified SA-2 SAM launch site has been found in the vicinity of the two MRBM launch sites. Details follow.

Kurgancha MRBM Launch Site 1  
39-39-30N 065-58-20E, 1.2 nm SW of Kurgancha  
4 pads placed in a NNE/SSW line
